- instructions

Object:

Feed the pig hamburgers until his belly busts!

Setup:

Open the lid at the back of the pig and take out all the hamburgers.

Put all the hamburgers with the numbers down on the table.

Twist the tail on the back of the pig to the left, this will deflate the belly.

Push down the pig's hands until it clicks.

Close the vest & belt so that it locks into place.

This is also how to reset the game for a new round.

Play:

The youngest player begins by rolling the die.

If the die shows a color, the player picks a burger from this color. If the die shows all 4 colors, the player picks any color burger.

On the bottom of each hamburger you will find a number from 1 to 4. This is the number of times the pig has to 'chew' the hamburger. Insert the hamburger in the pig's mouth and push on its head to 'chew' the hamburger as many times as indicated on the burger. By pushing his head, the pig's belly begins to grow. Then it's the player on his right turn to play.

If the die shows the burger with the cross, the player skips his turn. The player on his right rolls the die and plays. The game continues counter-clockwise.

Example: the die shows red, you pick a red hamburger. The bottom of the hamburger shows 3. You put the hamburger in the pig's mouth and push 3 times on its head! Watch his belly grow!

The game:

Ends when the pig has eaten too much and his belt bursts open! The player who caused the pig to "explode" is the winner.
