Objective

The object of the game is to be the first one to build a **Root Beer Float** using the **Ingredient Cards**. In order to get an **Ingredient Card**, you must successfully complete a challenge which uses that ingredient.

SET UP

Prior to starting the game, first separate the **Ingredient Cards** into four piles, one for each ingredient.

Next, separate the **Challenge Cards** into three piles, ingredient side up, one for each challenge type.

DICE RULES

solo

The player goes it alone to complete the **SOLO** challenge.

co-op

The player selects any other player to help complete a **COOPERATIVE** challenge.

h2h

The player selects any other player to compete against in a **HEAD-TO-HEAD** challenge.

GAMEPLAY

- 1 Play goes clockwise, starting with the oldest player.
- 2 The player whose turn it is rolls the die and selects the corresponding **Challenge Card**. *For example, a **SOLO** roll results in the player selecting a blue **SOLO Challenge Card**.*
- 3 The player then uses the ingredients on the front side of the **Challenge Card** in an attempt to perform the challenge on the back side of the card.
- 4 If a player successfully performs a **SOLO** challenge they can pick any **one Ingredient Card** used in the challenge.
- 5 In a **CO-OP** challenge the player whose turn it is can pick any other player as a partner. If the players successfully complete the challenge together, they both get to pick any **one Ingredient Card** used in the challenge.
- 6 In an **H2H** challenge the player whose turn it is can pick any other player as a competitor. The player who wins the challenge gets to pick any **one Ingredient Card** used in the challenge.
- 7 For **CO-OP** or **H2H** challenges: The player who draws the **Challenge Card** gets to pick which player is **P1** (Player 1) and **P2** (Player 2) *after* reading the card.

GAMEPLAY

- 8** When marking off distances in steps use **P1's** feet as measured from heel to toe to measure **one** step.
For example, four steps = 
- 9** Should a tie occur during an **H2H** challenge then the challenge is to be repeated until a player wins.
- 10** Note: At the beginning of a turn a player may **either** roll the die and select a **Challenge Card** or they may exchange two of the same **Ingredient Cards** they've previously won for any one **Ingredient Card**.

DIFFICULTY LEVELS

Adjust the game to fit your skill level. Each player (or pair of players) gets **three** tries for **BEGINNER**, **two** tries for **STANDARD**, and **one** try for **EXPERT**, to complete a **SOLO (or CO-OP)** challenge.

winning

The first player to build their **Root Beer Float** by getting all four **Ingredient Cards** wins!
