**THE PINEAPPLE - SPONGEBOB**

**THE ROCK - PATRICK**

**THE TIKI STATUE - SQUIDWARD**

**THE BUBBLE - SANDY**

## OBJECT:

The first player to get both of their character movers to the Krusty Krab wins.

## How to Play:

1. Roll the die to determine who goes first. The player with the lowest roll wins.
2. The player who goes first rolls the die again and moves the number of spaces shown on the die. Players must always move their character movers in a clockwise direction.
3. Each time you land on a bubble space, read and follow the instruction the space gives you.
4. You must collect 8 coins and land exactly on one of the "Go to the Krusty Krab" spaces to get your character mover to the Krusty Krab.

## Winning the Game:

Get both of your character movers to the Krusty Krab before the other players to win the game.

## Game Notes

- Two character movers cannot occupy the same bubble space at the same time. If you land on another player's character, that player must give you two coins and move the character landed on back to their home.
- Both of your character movers may be in play at the same time.
- If you land on a space that causes you to lose coins, put the lost coins back into the treasure chest.
- After you have collected your 8 coins and land on one of the "Go to the Krusty Krab" spaces-return the 8 coins to the treasure chest.
