

HEDBANZ™

RULE SHEET

AGE
7+

CONTENTS: 72 Cards, 24 Chips, 6 Headbands and 1 Timer

OBJECT: Be the first player to get rid of all your chips!

SET-UP:

- Place the cards face down in the center of the playing area.
- Each player takes a headband and adjusts it around his/her head. Make sure the Hedbanz logo is above your eyebrows and centered on your forehead.
- Deal one card **face down** to each player.
- **Without looking at the picture side of the card**, players insert their card into the clip of their headband so all the other players can see the picture.
- Deal three chips to each player. Any remaining chips become the "bank."

PLAY:

- The youngest player goes first. Then, play passes to the left.
- On your turn, flip over the timer and ask each of the other players a question that will help you identify the picture on your head.
- Once you've asked all of the players a question, begin a second round, then a third round, etc.
- The question cards show sample questions that you could ask to help you figure out what you are. These questions are only a guide; you don't have to ask them if you don't want to. You can use any question **except**, "What am I?" At any point you may ask, "Am I a...?"
- If you guess the picture before the timer runs out, take another card and put it on your headband (*remember not to peek*). Continue asking questions until the timer runs out. For each picture you guess correctly, put one of your chips in the bank. Then it becomes the next player's turn.
- At any point during your turn, you can give up trying to guess. If you do, you must collect one chip from the bank and are dealt a new card for the next round.

WINNING: If you're the first to get rid of your chips, you're the winner!
